

Value. Versatility. Velociti.

Specializing in the global deployment of technology

A successful technology deployment is critical to your ROI. With a proven foundation in both networking and transportation technology, we offer expertise that can be leveraged in any business environment. With Velociti, you get the right solution at the right time, no matter where you are or what you do!

You need it. We do it.

A partnership with Velociti begins well before deployment of your technology solution. We're with you every step, ensuring that no critical details are overlooked. Velociti...your complete technology deployment experts.

Emerging Technology

As technology evolves, so do we. Our technicians receive continuing education on all emerging technologies. This ensures we understand not only the technology itself, but how it can benefit you.

Dedicated Staff

Our full-time, expertly-trained Project Managers and Mobile Technicians are dedicated to providing stellar service. With Velociti, you can be sure that you will always receive quality, comprehensive support from our knowledgeable and professional staff.

Geographic Reach

You need a service provider that can go anywhere, anytime. Our employees are geographically dispersed to provide timely and accessible support throughout the World.

Web Based Project Management

Knowledge is power. Our DataMining portal provides you with secure access to all project information. You define the parameters, we provide the data.

Retail Technology Solutions

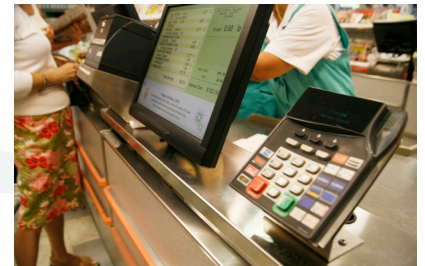

Managers can manage on the go instead of sitting behind a desk. Customers can receive on-demand access product information as they shop. Inventory can be accounted for, therefore shrinkage is reduced and checkout lanes move quickly and efficiently. Adding these together transform the consumer experience, improve associate

productivity and maximizes supply chain efficiency.

Velociti's comprehensive service offering surrounds our customers with support from start to finish. In addition to the following items, please consider Velociti for any technology needs your organization may have:
