

Velociti Inc. Becomes a SymbolCertified Professional Services Vendor

Mobile Installation and Deployment Expert Completes Symbol's Professional Services Vendor Program

Kansas City, Kan. – May 17, 2005 – Velociti Inc., mobile installation and deployment specialists, today announced it has successfully met the requirements to become a SymbolCertified Professional Services Vendor. Certification in the program is achieved through rigorous training, testing and a demonstration of service delivery skills and knowledge.

As a SymbolCertified Professional Services Vendor for Wireless Switch Design & Implementation and for Spectrum24 Implementation, Velociti provides the Symbol PartnerSelect community with services including: system staging, site surveys, structured cabling, access point installations, wireless coverage certifications, forklift installations, device configuration, wireless network switch installs and project management.

“Becoming a SymbolCertified Professional Services Vendor places Velociti at the forefront of emerging wireless technologies from Symbol,” stated Deryk Powell, COO for Velociti. “It’s an opportunity for us to not only achieve higher levels of customer satisfaction with the overall Symbol solution but to penetrate new markets as well. We have already recognized an incremental increase in revenue as a direct result of our certification and will continue to build a close synergy with Symbol and its PartnerSelect members.”

“The SymbolCertified Professional Services Vendor Program demonstrates Symbol’s commitment to sharing best practices with service vendors for the benefit of PartnerSelect members and their customers, fostering profitable and long-lasting relationships,” said Robert Bushey, senior director of global professional services for Symbol Technologies. “We are pleased that Velociti has achieved SymbolCertified Professional Services Vendor status and is already recognizing the benefits of participation in the program.”

About Velociti Inc.

Kansas City-based Velociti Inc. was founded in 1989 as a division of Central States Thermo King. The company was created to provide mobile installation and service technicians that perform all aspects of technology deployments for the transportation, retail and warehousing market sectors. Velociti clients include many Fortune 500 companies from wide variety of market segments, including transportation, technology, retail, food service, distribution and manufacturing. Velociti has achieved double-digit sales growth every year since 1995 and now offers service in the U.S., Canada, Mexico, Puerto Rico and Western Europe.
